### **PROGRAM**

---

---

### **“WINGS WEEKEND”**

### **April 3 and 4, 2004**

The Richmond, VA Flight Standards District Office, in conjunction with the Virginia Department of Aviation, will present a “WINGS WEEKEND” at the Suffolk Municipal Airport on April 3 and 4, 2004.

#### **WHAT’S A WINGS WEEKEND?**

A “WINGS WEEKEND” is a program in which pilots will be provided with the necessary Safety Seminars and Flight Instruction for their “WINGS” award as part of the FAA’s Pilot Proficiency Award Program. The WINGS award and a certificate will be presented to pilots at the event upon completion of the requirements.

#### **WHAT’S REQUIRED TO PARTICIPATE?**

Attend at least one FAA sanctioned Safety Seminar, and receive three hours of flight training, which will include one hour each of the following: stalls and basic aircraft mastery, instrument training, and take-offs and landings.

#### **WHAT SEMINARS WILL BE PRESENTED?**

Seminar topics will vary and be held on both days from 0900 to 1500. All seminars are free. All pilots, student pilots, and others interested in aviation safety are encouraged to participate in the seminars. To receive the WINGS award, a pilot is required to obtain three hours of flight training from a CFI. The flight training will be provided at no cost by volunteer Flight Instructors to participating pilots. Pilots will be required to furnish an airplane for the flight instruction portion of the training. Rental aircraft will be available on a first-come, first-served basis. All flight training will by necessity be scheduled in advance.

#### **HOW DO I PARTICIPATE?**

Register for the event, and show up at the facility! A registration form is included in this mailing. Early registration will allow us to serve you better! Volunteer CFI’s will be assigned; we may have a limited number of participating instructors - so - register right away. Please be sure the registration is legible, and complete. Mail registration to: **FEDERAL AVIATION ADMINISTRATION, RICHMOND FLIGHT STANDARDS DISTRICT OFFICE, ATTN: Tammy Shaffer, Aviation Safety Technician, 5707 HUNTSMAN ROAD, SUITE 100, RICHMOND INTERNATIONAL AIRPORT, VA 23250-2415**
